March 27, 2017

Dear Potential Sponsor,

Each year since 1991, Keep Lee County Beautiful, Inc. has tasked the youth in our community to visualize a correct environmental action and transfer that mental picture into a work of art through the annual “Leave the Scene Clean” calendar art contest. This project has literally touched over 83,651 students, 622 teachers, as well as our public, private and home schools, and raised in excess of \$275,000 dollars to support environmental awareness in our community. This level of engagement is made possible through the generous donations of community leaders like you.

Last year, the calendars (sold in schools across Lee County) raised enough funds to help rehabilitate multiple butterfly gardens at public schools, plant 10,000 red mangrove propagules, and help several schools develop environmental clubs. We also distributed 7,500 calendars to help spread the KLCB mission on the importance of conserving, preserving and protecting our natural environment.

We are currently preparing for the upcoming 2018 calendar production and respectfully request that you consider supporting our “Leave The Scene Clean” environmental calendar project.

For more information, please contact me directly at Trish@klcb.org, or 239-334-3488. We sincerely thank you for your time and look forward to hearing from you.

Sincerely,

Trish Fancher
Executive Director
